Cloud Readiness Workshop

Discover the cloud readiness of your organization and infrastructure!

Project Manager, Decision Makers, C-Level

LET'S DEFINE YOUR ROADMAP TO THE CLOUD!

Understanding and knowing about the potentials of cloud solutions is fundamental to organizations.

In this workshop, Cloudical experts work with you to identify potential opportunities and to discuss their impacts. Jointly, we discuss approaches and challenges and ensure a common understanding of cloud, culture and technology.

Our experts analyze the status of your infrastructure and processes in regard to cloud transformation. We discuss approaches and scenarios, such as Lift & Shift, public- vs. private vs. hybrid cloud, multi-cloud, green- and brownfield, to identify the best approach for your organization considering the outcomes of our analysis.

This workshop provides a substantial overview of cloud and your organization's readiness, making it a profound start into cloud adventures from an organizational and technological perspective!
